

ENGLabs

Brand Development

Research Summary

CONTEXT - ORGANIZATION

Background

One stop shop for scan, design and manufacturing jobs as a service

Future looking startup getting off the ground

Mission

TBD

Values

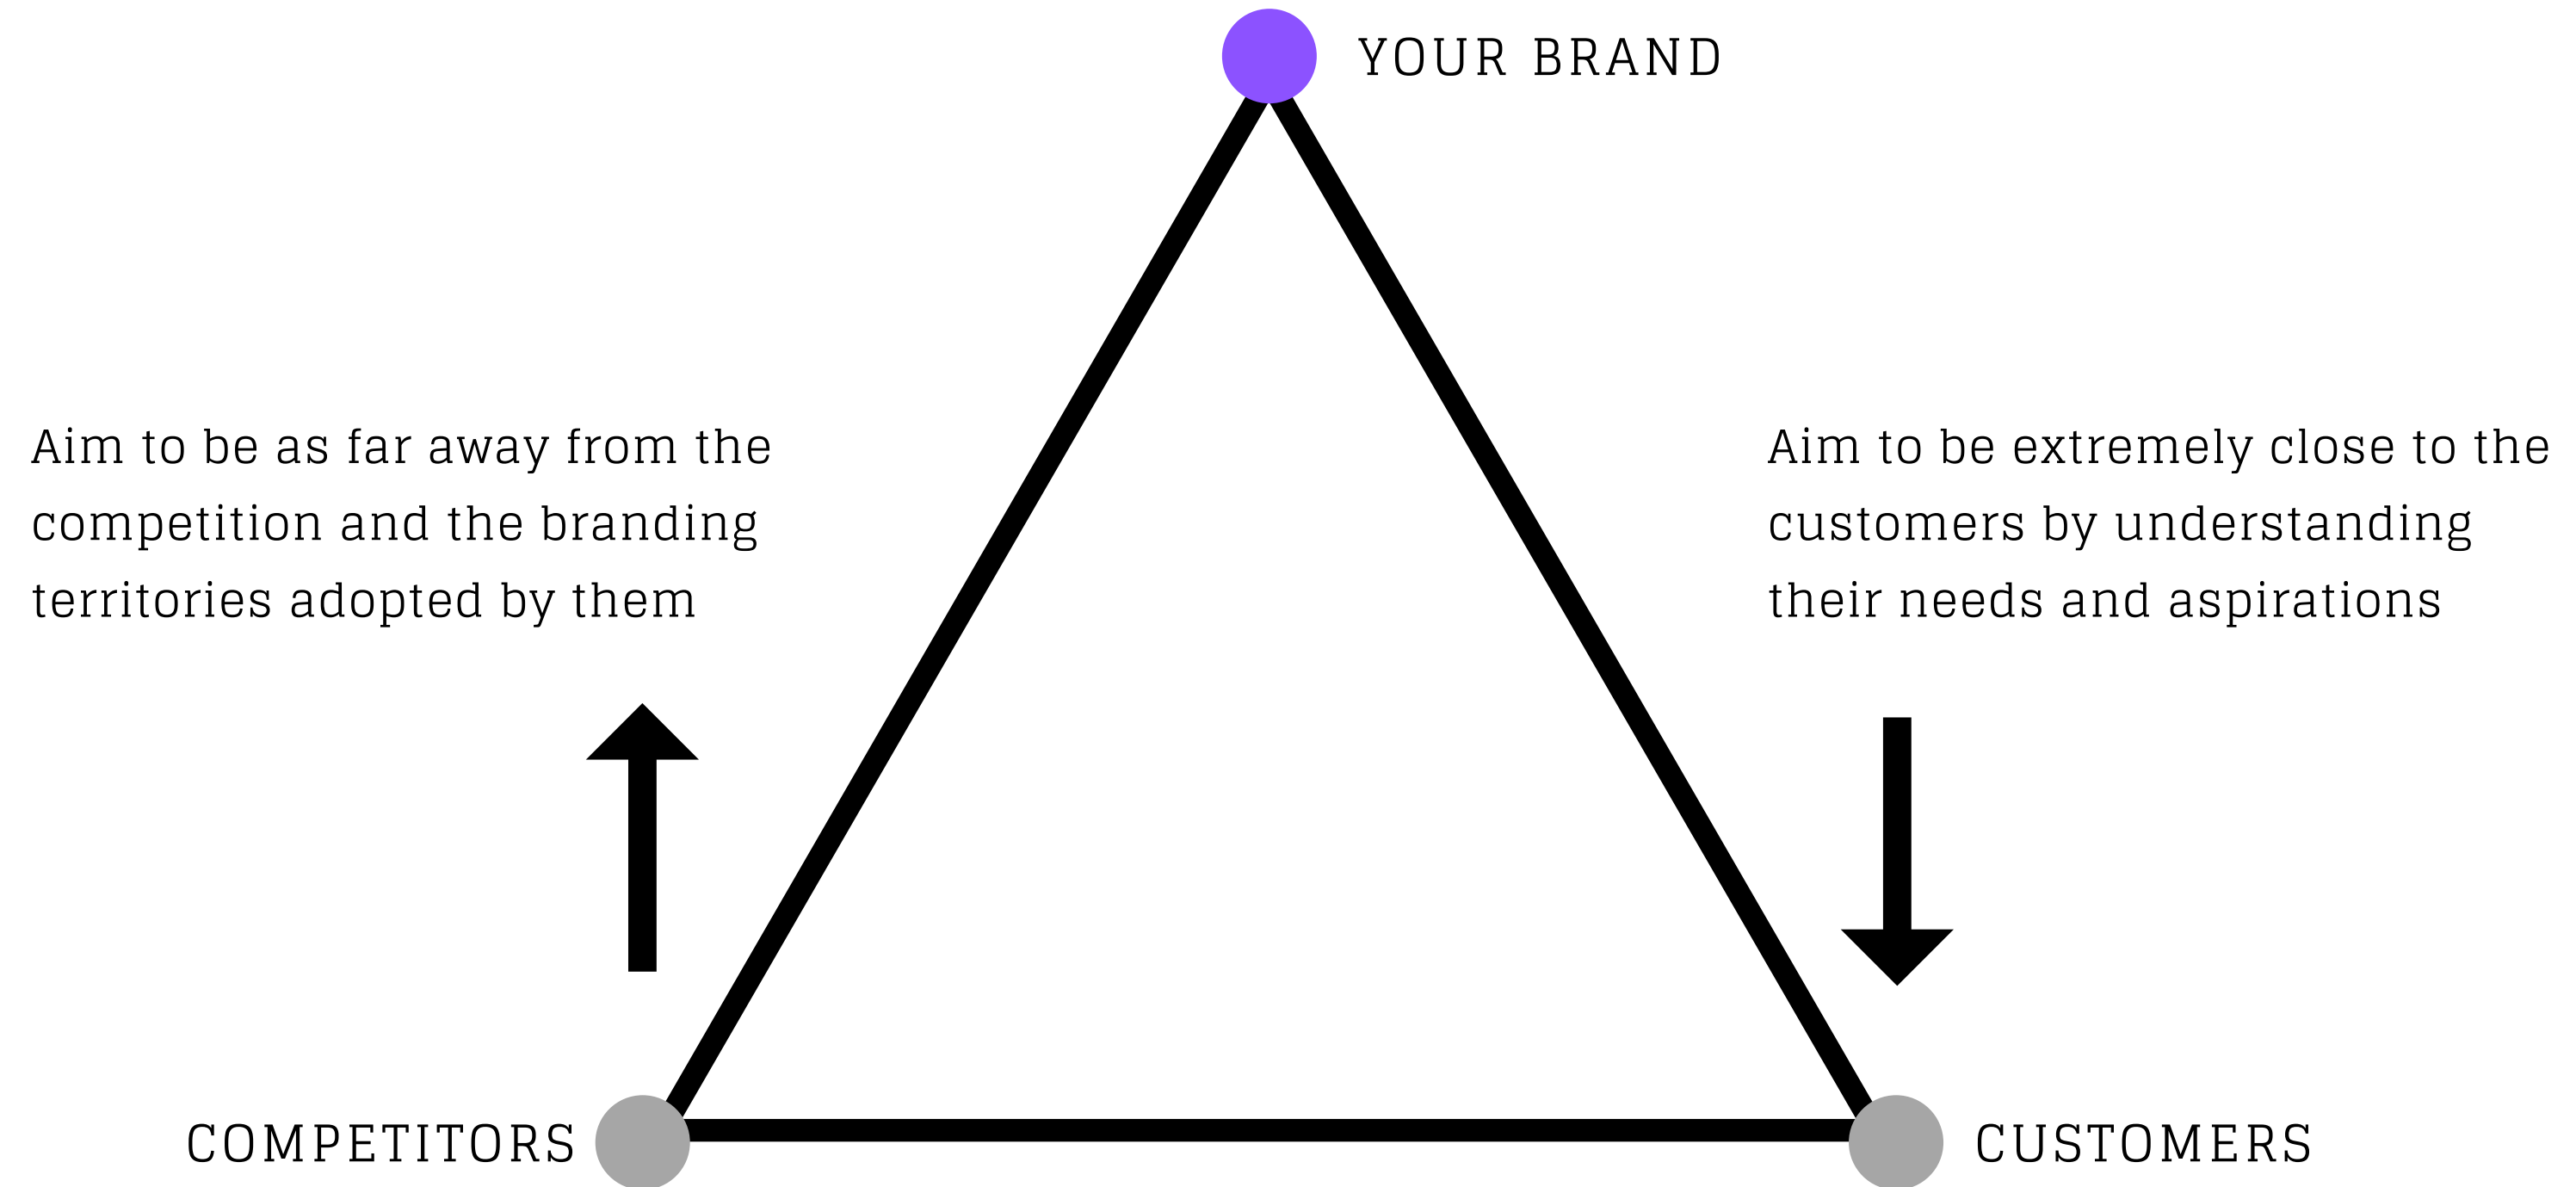

- Authenticity
- Creativity
- Trust
- Realness
- Adventure

Name story

ENG to refer to how the business has presence in UK Labs because of founder's preference for having a creative space with the right mix of art and science

USP

- Vision to move to end to end services in the 3D printing space - from scanning to designing and manufacturing.
- Be people centric, build relationships with business owners / clients to solve real problems with them
- Build expertise in specific verticals over time and probably go deep in sectors
- High quality industrial grade scanners to ensure high quality output

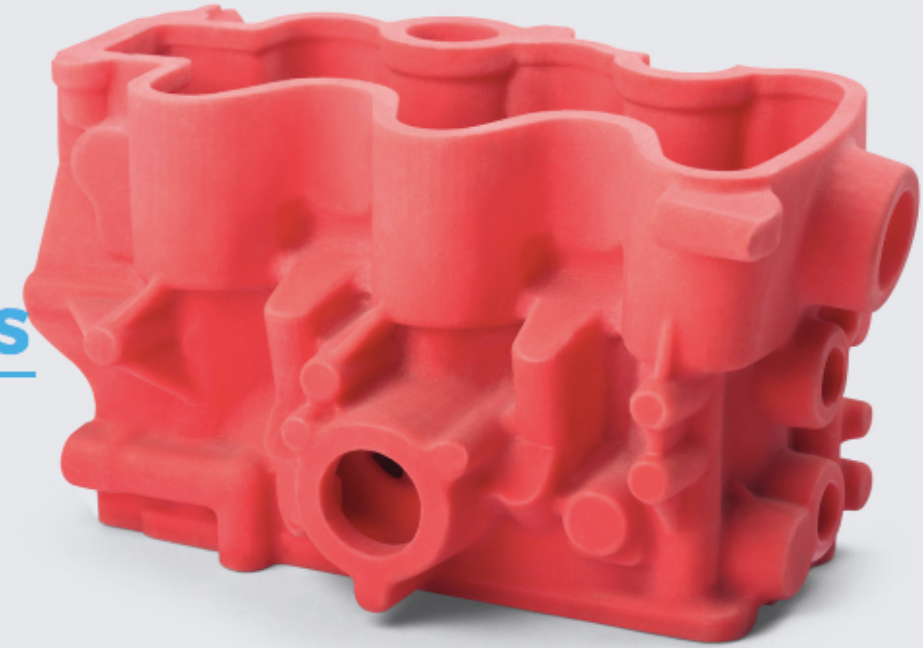

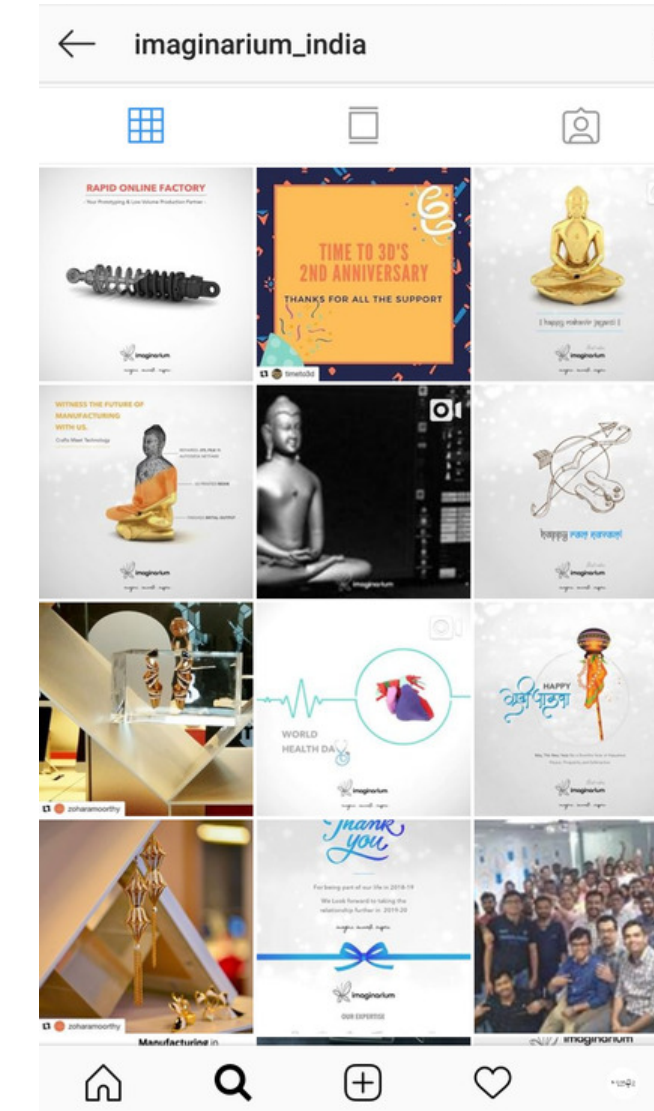

UPLOAD A DESIGN ▾

**INNOVATION THAT
FUELS INDIA.
INNOVATION THAT IS
FUELLED BY INDIA.**

From helping businesses design and manufacture products better to grooming the next breed of makers, Imaginarium has been at the helm of the Advanced Manufacturing revolution.

3D Printing, also known as Rapid Prototyping or Additive Manufacturing is bringing about the next industrial revolution and Altem is leading the change by bringing in new ideas to enable manufacturers and designers in India to realise their products faster and in an economical way. Altem's 3D Printers in collaboration with Stratasy Ltd, USA for Plastic 3D Printing and SLM Solutions GmbH, Germany for Metal 3D Printing have made the design process of the companies accelerated, iterative and more creative. It is not just the design; even the manufacturing processes are also becoming more agile, efficient and customized due to the

EXPERIENCE 3D WITH ALTEM

Altem Technologies (P) Ltd as a Value Solutions Gold Partner to Dassault Systèmes for PLM solutions, Stratasy for 3D Printing, Artec 3D for 3D Scanners, MSC Software for CAE solutions and ESTECO for Optimization solutions present the most advanced products and complete solution in field of CAD/CAM /CAE/PLM & Rapid Prototyping Machines to enhance the in-house R&D design capabilities and thus leading to a new medium of innovation. We are head-quartered in Bangalore, India, ALTEM operates through the sales offices in Hyderabad, Chennai, Pune, Kolkata, Ahmedabad and New Delhi.

Through Dassault Systèmes' 3D EXPERIENCE Platform, ALTEM Technologies provides the users with innovative PLM solutions viz. CATIA, DELMIA, 3D VIA, ENOVIA etc. Further recently we had signed up with ARTEC3D and MSC software, to sell 3D Scanners and CAE Solution from these companies in India respectively. ARTEC Eva & ARTEC Spider are most innovative & advanced handheld 3D Scanners offered from ARTEC3D.

experience 3D PRINTING

Stratasy's Additive Manufacturing / 3D Printing solutions provide versatility to produce FDM (Fused Deposition Modelling) thermoplastic parts, WDM (Wax Deposition Modelling) parts & Polyjet Protopolymer resin parts with strength, durability, accuracy and function of traditionally manufactured parts without machining or tooling. 3D Printing systems transform 3D CAD files from Concept models, functional prototypes, Direct Digital Manufacturing (DDM) tools viz. Injection molding and end-use parts.

Stratasy's 3D Printers consist of FDM systems (uPrint SE, Dimension series & Fortus series) for ABS & other thermoplastic parts and Objet Polyjet systems (Desktop series, Dental series, Eden series & Connex series) with photopolymer resin parts. Stratasy has also introduced world's first multi-colour multi-material 3D printer called as Objet500 Connex 3.

WELCOME TO 3DPRINTUK, HOW CAN WE HELP YOU?

I NEED A PROTOTYPE MADE ⚙️

Precise Prototype Production
One off Prints
Economy or Express Turnaround

I NEED TO PRODUCE A BATCH OF PARTS 📦

Low Volume Batch Production
Order Parts when Required!
1 – 10,000 Parts
No Tooling Costs, No Set Up Fee
Price Breaks for Higher Volume

I HAVE AN STL FILE & NEED A QUOTE ⬆️

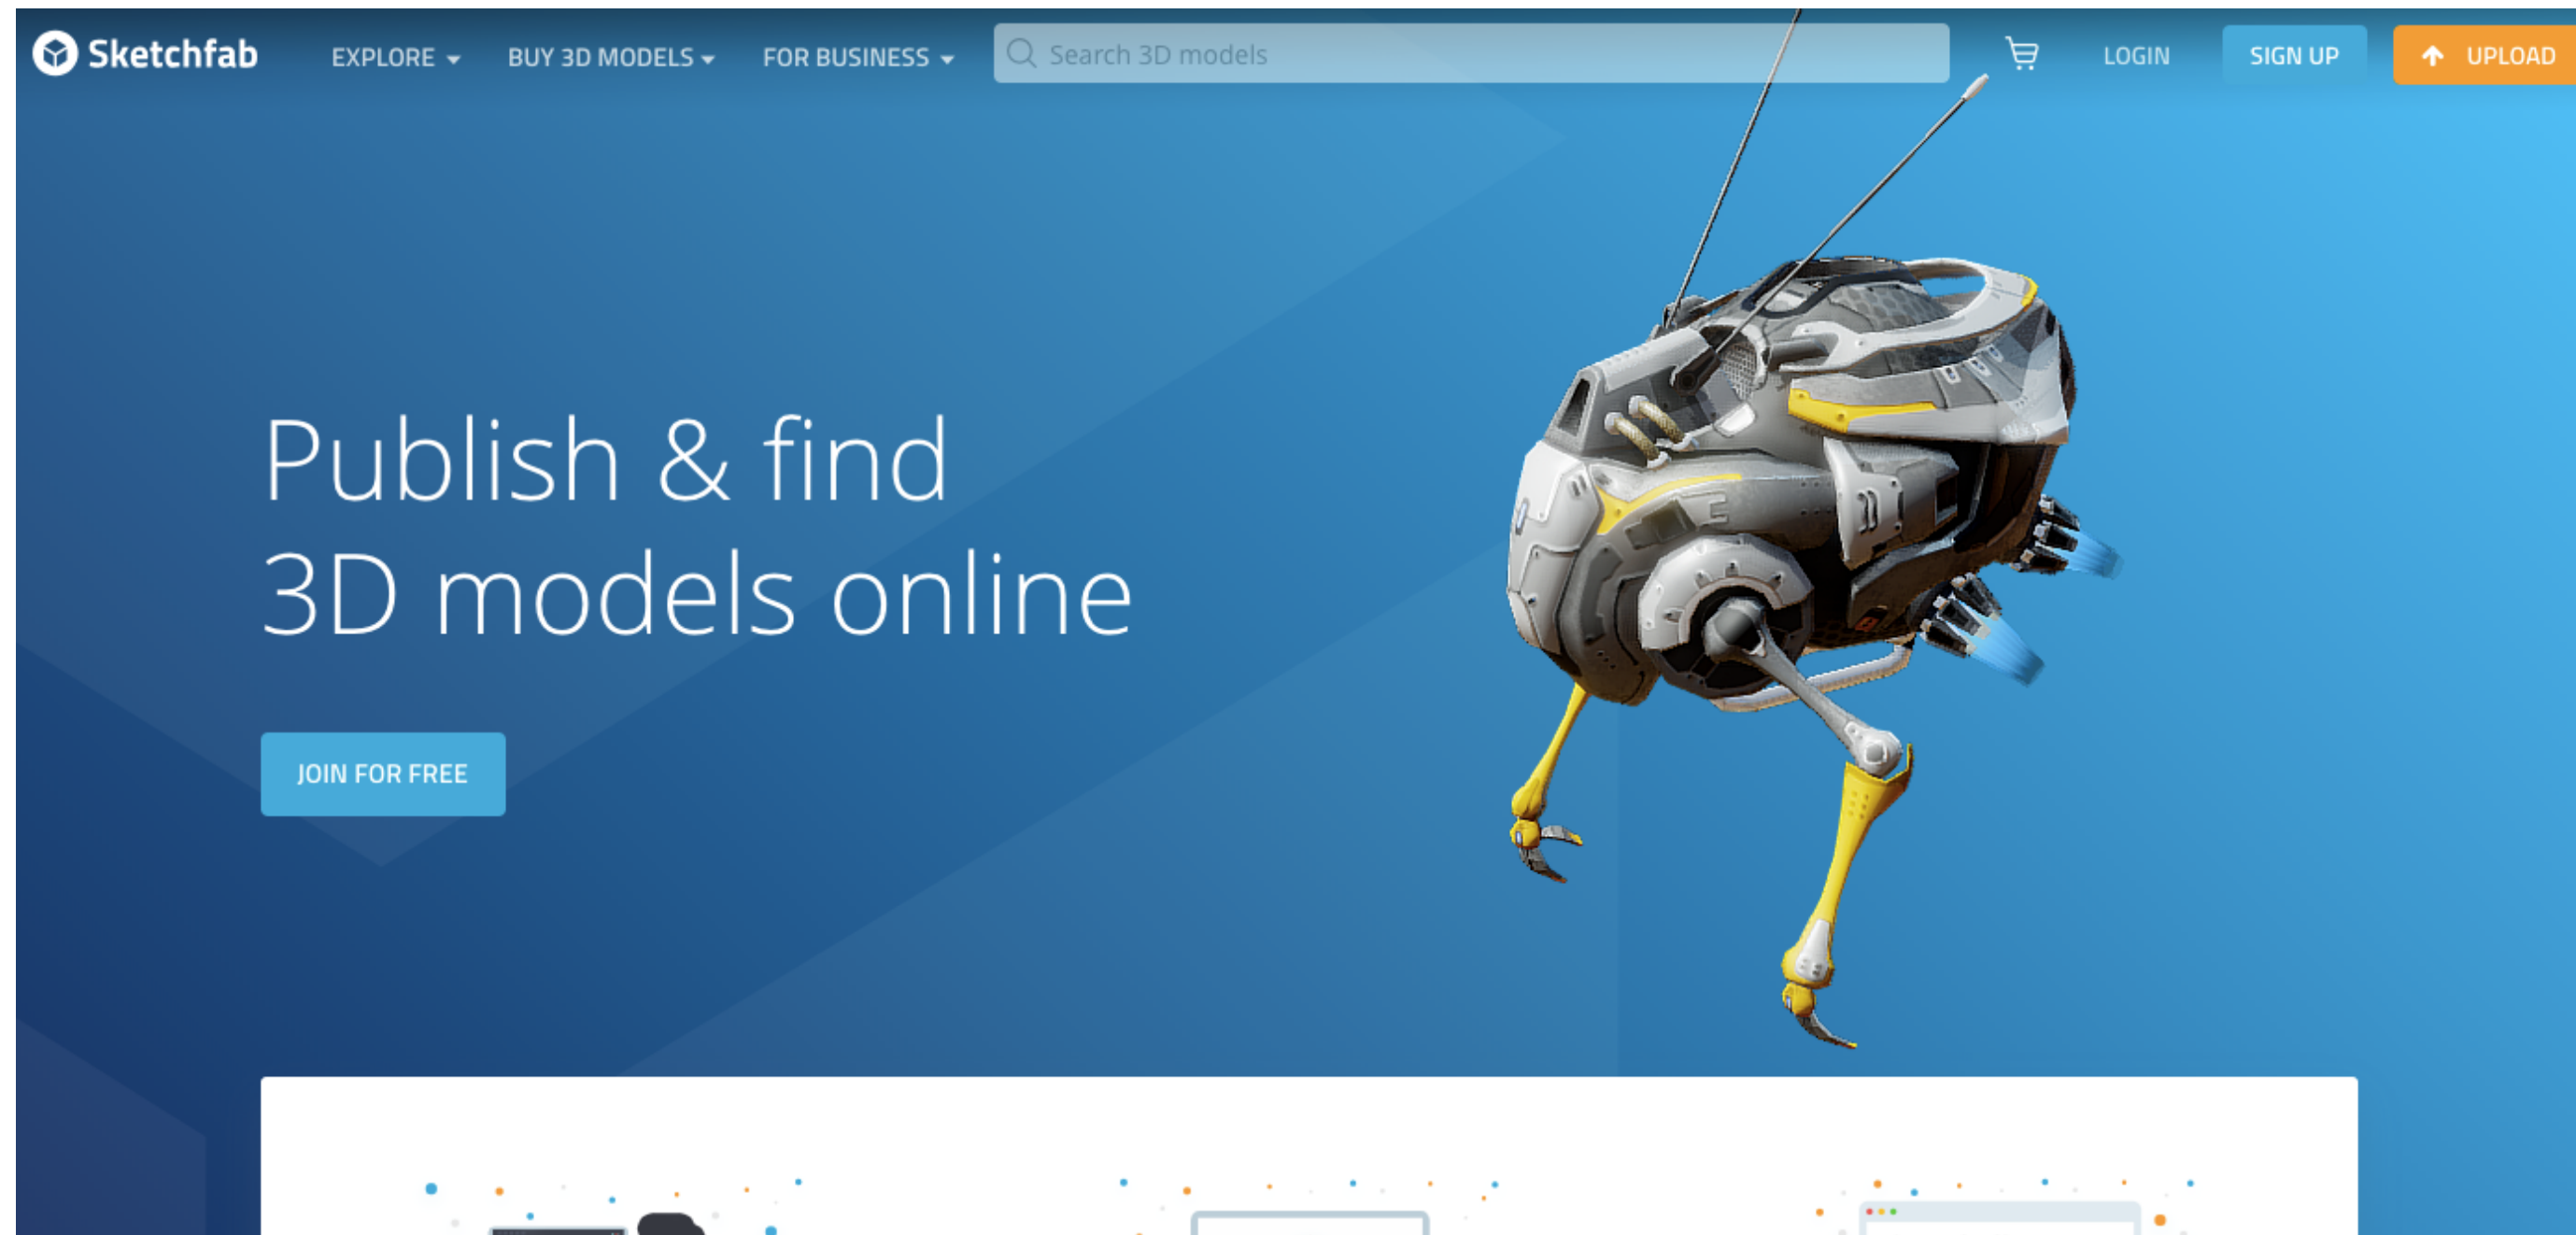

If your model is ready to go, upload
your stl file for an automatic
adjustable quote. Our system will
choose the cheapest pricing
structure for you.

Empowering customer vision

- Focus on collaboration and partnership
- Useful for B2B businesses in India
- Not just about customer creativity, but more about expanding the customer mindset to help them scale new heights
- Serious look and feel
- Warm, Friendly and supportive tone

Challenging the norm

- Curious Brand
- Asks a lot of questions
- Up for challenges
- Marketing led by suggesting a better way of doing things
- Young, fresh, slightly edgy tone
- More quirks and personality

The better way

- "Know it all" wise brand, not making a big deal about 3D printing
- Firmly accepts 3D printing as a new normal in the manufacturing process
- Mature but modern look and feel
- Calm and wise tone of voice
